Falls Prevention &
Monitoring Devices

We believe in partnering with healthcare professionals within allied health, to provide better patient outcomes through quality of our equipment solutions.

Contents

CAPABILITY STATEMENT

Active Medical Supplies is a pioneer in medical device and equipment manufacturing. The experienced team at Active Medical understand both professionally and personally, the importance of maintaining independence within the comfort of your own home or the community including educational settings. A lot of the people we help are still independent, however, just need assistive solutions as result of an injury, Hospital visit, Healthcare professional's advice or to help loved ones with their daily life.

With over 30 years of experience helping with solutions in community care, we understand sometimes that daily tasks may become difficult. Often things that we have taken for granted like getting out of bed, lifting yourself from a chair or just even moving around the house, inherit more effort than they have before.

For those who come into our showroom, we can replicate the scenarios you would face at home with our daily living set ups. Our experienced and courteous staff gladly provide all the information and assistance you require.

We work extensively with Physiotherapists, Occupational Therapists and Aged Care Clinicians so that we can find the right form of solution for you. Over the course of 30 years, we have provided solutions to community care with diligence and professionalism. Our customers' assurance comes from the fact that we help you find the most suitable solution.

We take great pride in the assembling and manufacturing of all of our products. We culminate to the highest standards in care, comfort for the patient and project cost efficiency.

Did you know...

We sanitize **all products** that leave our warehouses

We offer full product **demonstrations and video trials**

We offer **contact free delivery**

Our staff are **double vaxxed** with boosters

Our showroom is a **controlled environment** that we can also offer trials

Procurement & Distribution

Active Medical has developed a network of manufacturers in Australia and around the world – from Germany and Sweden to the United States of America and consults directly with industry professionals to ensure the products we provide responds to unique patient specifications.

The success of our business is supported by our ability to collaborate with manufacturers that not only provide the highest quality of products and services, but are aligned with our mission and commitment to our social, corporate and environmental responsibilities.
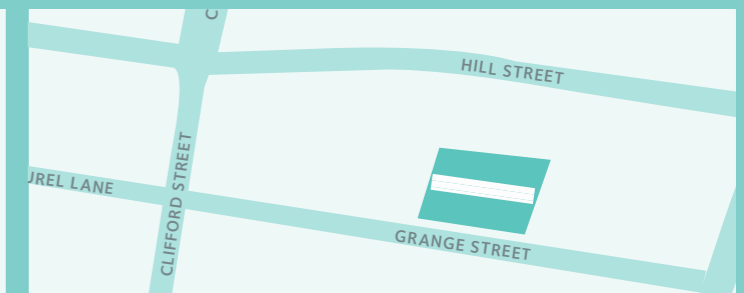

Our efficient distribution systems are underpinned by our strong relationships with manufacturers and two centralised warehouses with a capacity to hold up to 50,000 items. This ensures the fast turn around and on time delivery demanded by the health care industry and the needs of people in care. We ensure that all our products are ethically sourced and supplied and meet environmental standards.

ACTIVECARE SOLUTIONS

ACTIVECARE SOLUTIONS

THE EVOLUTION OF MODERN HEALTHCARE

Cura" products are designed to augment well designed care programs & practices, cura" does not claim that any of its products are suitable as a substitute, or as a total solution for individuals that require care and constant supervision & are at risk. All our products are supplied with full warranty & are guaranteed to be free from defects in material & workmanship.

Basic Falls Solution

When a person gets out of bed the Under Mattress Pad sends an alarm signal to the ActiveCare Pager.

Pressing the red button on the Personal Emergency Transmitter (PET) sends an alarm signal to the ActiveCare Pager. Multiple PETs can be used with a single Pager.

• Simple to use.

• Alarm sent t o Pager.

Advanced Falls Solution

The ActiveCare Pager provides the carer full mobility around the house with up to 9 devices connected.

Pressing the red button on the Handset sends an alarm signal to the ActiveCare Pager.

Wireless Waterproof Call and Reset devices can be installed in wet areas, with an emergency pull-cord designed to be accessible for someone that has fallen.

Wireless Magnetic Door Switches can be used to monitor exits such as doors as well as windows.

Expanded Falls Solution

Add an ActiveCare Console for more expansion options.

For homes where more than 9 devices are used, ActiveCare Console can monitor up to 60 devices. (Also suitable for wards and small health facilities.)

Alarms displayed on the ActiveCare Console are also displayed on the ActiveCare Pager.

Cura1 has been supplying industry standard Fall Prevention and Anti-Wandering Solutions for almost two decades. Each of our systems must pass rigorous testing and exceeds industry standards for quality and reliability. Our world-class customer service team is on call to ensure your 100% satisfaction.

IBEAM

iBeam

The narrow beam creates a precise detection zone.

This is especially useful for preventing unwanted alarms if other people frequent the same room, or where only a narrow area requires monitoring. A narrow beam allows a patient to move in their bed without triggering an alarm.

Whether accross a door, stairs or beside a bed, there are countless ways that our iBeam can be used to protect those in your care and to make the job of being a carergiver easier.

When used with our sturdy, adjustable–height EzyStand, precise positioning of the iBeam could not be simpler.

SPECIFICATIONS:

Product Code	92721

USE WITH:

| Product Code	Name
92700	Six Channel Cordless Falls Monitor
92544	Cordless Multiport Expander
93501	ActiveCare Pager
93500	ActiveCare Consol
92424	12 VDC Plug Pack

Ezy Stand

The EzyStand / iBeam combination allows a caregiver to quickly deploy targeted motion detection alarms in a variety of positions such as next to a bed, in front of a chair, near a door or stairs.

Our innovative 2723 EzyStand magnetically attaches to the 2721 iBeam and signiÿcantly adds to its ease of use.

The stand is sturdy, attractive and perfect for use in both professional and home environments.

SPECIFICATIONS:

Product Code	92723
