We are Here to Help

For over 30 years, Active Medical Supplies has delivered safe and innovative solutions for the care of clients in the Aged Care, Hospital, School and Home Care sectors. We strive to provide the highest quality equipment for all healthcare environments which will withstand the test of time.

We partner with experts in the field of design and manufacturing to provide the very best resources to ensure that your loved ones are provided with the correct equipment to receive optimum care.

We have a commitment to lower our carbon footprint and protect our environment. We utilise our own delivery vehicles and use sustainable materials for packaging to reduce environmental damage. We are also proud to provide beds and equipment with world leading, energy-saving electronics.

For your peace of mind our product is manufactured to very high quality and we have a secure supply chain. 90% of our products are sourced from Australia, Europe, USA, Canada, United Kingdom, Spain, India, Sweden, Vietnam and Taiwan.

Procurement & Distribution

Active Medical has developed a network of manufacturers in Australia and around the world – from Germany and Sweden to the United States of America and consults directly with industry professionals to ensure the products we provide responds to unique patient specifications.

The success of our business is supported by our ability to collaborate with manufacturers that not only provide the highest quality of products and services, but are aligned with our mission and commitment to our social,

corporate and environmental responsibilities.

Our efficient distribution systems are underpinned by our strong relationships with manufacturers and two centralised warehouses with a capacity to hold up to 50,000 items. This ensures the fast turn around and on time delivery demanded by the health care industry and the needs of people in care. We ensure that all our products are ethically sourced and supplied and meet environmental standards.
