Alrick Nino Bed

Our Alrick Nino Bed suits low-care and high-care. This innovative three-in-one bed has a low height of 100mm and a high height of 725mm. Available in a wide range of powdercoat colours and with the option of higher doors/sides, or doors on both sides.
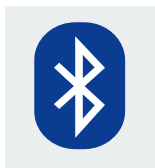

The NINO allows the user to perceive the world around them while at the same time providing protection and security. The transparent Perspex merges with the room allowing occupants to have an unrestricted view of their immediate surroundings yet still protects against falls and injuries. One bed, endless possibilities!
