

Single Use Heel Protector

FEATURES & BENEFITS:

- Lightweight design for convenience of heel comfort
- Helps prevent footdrop and relieves pressure on the heels
- Soft fabric covering on interior provides patient comfort and protects extremely fragile skin
- Open hole design for air and moisture ventilation
- Three adjustable straps allow custom fit

A comfortable, lightweight, and effective solution for zero heel pressure, the Pedisafe is designed for heel ulcer prevention and treatment. It also helps prevent footdrop and provides pressure relief. It comes pre-inflated and is suitable in all healthcare environments.
