

Action Gel Elbow / Heel Protector

These gel protectors are for use in long term care settings and for assistance in wound management. They allow clients taking medication that affects skin integrity or who are prone to skin tears or abrasions to continue daily activities or to sleep comfortably. They are recommended for people 'at risk' or diagnosed with compromised skin disorders. These protectors require no laundering and need only a wipe over with antiseptic solution or mild detergent to be kept fresh and odour free.

- Unique polymer consistency (not liquid gel) so bottoming out cannot occur
- Helps prevent footdrop
- Quality product of USA
